PROFESSIONAL SUMMARY

MERN Stack Developer currently training at Masai School, Bengaluru, with a strong foundation in JavaScript, React.js, Node.js, and REST API design. Combines a background in Mechanical Engineering (M.Tech) with a structured transition into software development — bringing analytical rigour, precision, and cross-disciplinary problem-solving to every project. Experienced in building and deploying full-stack web applications and passionate about writing clean, maintainable code.

TECHNICAL SKILLS

Languages	JavaScript (ES6+), JSON, HTML5, CSS3
Frontend	React.js, Responsive Design, CSS Flexbox /
Grid Backend	Node.js, Express.js, REST APIs
Database	MongoDB, Mongoose
Tools	Git, GitHub, VS Code, Postman, npm

PROJECTS

LUNA AI Wellness Platform *React.js · Node.js · Claude AI · JavaScript* [↗ Live](#)

- AI-powered menstrual cycle intelligence platform with privacy-focused insights, calendar intelligence, and personalized wellness guidance.
- Designed an insight-led dashboard for cycle tracking, wellness signals, and AI guidance.
- Focused the product around privacy, clarity, and quick interpretation of personal health patterns.
- Structured the experience for React components, backend integration, and future authentication flows.

Heavensway Travel **Travel Experience** *React.js · HTML · CSS · JavaScript* [↗ Live](#)

- Luxury Kashmir tourism platform shaped around elegant destination discovery, curated itineraries, and high-converting booking flows.
- Built the visual direction around Kashmir destination discovery and luxury travel expectations.
- Organized core sections for itineraries, destination cards, trust signals, and booking intent.
- Prioritized responsive layout, strong imagery, and conversion-focused calls to action.

CareConnect **Healthcare Operations** *JavaScript · HTML · CSS · MongoDB* [↗ Live](#)

- Caretaker and patient management platform for care schedules, patient records, secure coordination, and task visibility.
- Mapped the core workflow around patient records, caretaker assignment, task status, and schedules.
- Designed cards and dashboard modules that keep operational information scannable.

AI Portfolio Audit Developer Productivity *JavaScript · AI. Analytics · MongoDB* [↗Live](#)

- A dashboard concept that reviews resume strength, project presentation, and portfolio performance using AI-backed recommendations.
- Created a structured review flow for resumes, project descriptions, and portfolio presentation.
- Outlined AI suggestion surfaces that help users improve clarity without losing their own voice.
- Framed analytics around practical next steps rather than vanity scores.

Learn Flow Learning Platform *JavaScript · HTML · CSS · MongoDB* [↗Live](#)

- A collaborative learning dashboard for progress tracking, mentor feedback, modules, and focused skill-building workflows.
- Organized course modules, progress milestones, mentor notes, and tasks into one dashboard.
- Designed for learners who need a fast view of what to do next and where they are improving.
- Kept the UI modular so features can grow into collaboration, feedback, and analytics flows.

WORK EXPERIENCE

Lab Assistant — Mechanical Engineering | Institute of Technology, Zakura Campus *Aug 2024 – Dec 2025*

- Assisted faculty in designing and executing routine lab experiments, maintaining accurate data records and lab documentation.
- Developed systematic organizational protocols for chemicals and materials inventory, improving retrieval efficiency.
- Demonstrated dependability and attention to detail in a structured technical environment with regular reporting responsibilities.

EDUCATION

Software Development | Masai School, Bengaluru *Mar 2025 – Present*

- Intensive full-stack curriculum: JavaScript, React.js, Node.js, MongoDB, DSA, and system design.

M.Tech — Mechanical Engineering | University of Kashmir, Hazratbal *Apr 2021 – Sep 2023*

- Postgraduate engineering degree; developed strong analytical and technical problem-solving foundations.

B.Tech — Mechanical Engineering | IUST, Awantipora, Pulwama *Oct 2016 – Dec 2020*

Diploma in Computer Applications | Computer Trust of Kashmir *Jan 2016 – Dec 2016*

SOFT SKILLS

Problem-Solving · Critical Thinking · Communication · Team Collaboration · Creativity · Adaptability

Srinagar, Jammu & Kashmir, India.
