PROFESSIONAL SUMMARY

MERN Stack Developer currently training at Masai School, Bengaluru, with a strong foundation in JavaScript, React.js, Node.js, and REST API design. Combines a background in Mechanical Engineering (M.Tech) with a structured transition into software development — bringing analytical rigour, precision, and cross-disciplinary problem-solving to every project. Experienced in building and deploying full-stack web applications and passionate about writing clean, maintainable code.

TECHNICAL SKILLS

Languages	JavaScript (ES6+), JSON, HTML5, CSS3
Frontend	React.js, Responsive Design, CSS Flexbox / Grid
Backend	Node.js, Express.js, REST APIs
Database	MongoDB, Mongoose
Tools	Git, GitHub, VS Code, Postman, npm

PROJECTS

E-Commerce Platform *React.js · Node.js · Express · MongoDB* [↗ Live](#)

- Built a full-stack e-commerce app with product listing, cart management, and user authentication using JWT.
- Designed a RESTful API with Express.js handling CRUD operations across Products, Users, and Orders collections in MongoDB.
- Implemented protected routes, role-based access (admin/user), and integrated responsive UI with React hooks and Context API.

Task Management App *React.js · Node.js · MongoDB Atlas*

- Developed a Kanban-style task board with drag-and-drop functionality, real-time status updates, and user-specific boards.
- Built a Node/Express backend with schema validation via Mongoose; deployed database layer to MongoDB Atlas.
- Added persistent login sessions with bcrypt password hashing and localStorage-based token management.

Weather Dashboard *JavaScript · HTML · CSS · OpenWeatherMap API*

- Consumed a public REST API to display real-time weather data with city search and 5-day forecast functionality.
- Applied async/await patterns for API calls and built a fully responsive single-page layout with CSS Grid.

WORK EXPERIENCE

Lab Assistant — Mechanical Engineering | Institute of Technology, Zakura Campus *Aug 2024 – Present*

- Assisted faculty in designing and executing routine lab experiments, maintaining accurate data records and lab documentation.
- Developed systematic organisational protocols for chemicals and materials inventory, improving retrieval efficiency.

- Demonstrated dependability and attention to detail in a structured technical environment with regular reporting responsibilities.

EDUCATION

Software Development | Masai School, Bengaluru *Mar 2025 – Present*

- Intensive full-stack curriculum: JavaScript, React.js, Node.js, MongoDB, DSA, and system design.

M.Tech — Mechanical Engineering | University of Kashmir, Hazratbal *Apr 2021 – Sep 2023*

- Postgraduate engineering degree; developed strong analytical and technical problem-solving foundations.

B.Tech — Mechanical Engineering | IUST, Awantipora, Pulwama *Oct 2016 – Dec 2020*

Diploma in Computer Applications | Computer Trust of Kashmir *Jan 2016 – Dec 2016*

SOFT SKILLS

Problem-Solving · Critical Thinking · Communication · Team Collaboration · Creativity · Adaptability

Srinagar, Jammu & Kashmir, India
